
ELEMENTARY SCHOOL ZLATAR BISTRICA VISION

School is our window into the world and a doorway to a safe and happy future.

MISSION

Modern approaches and methods are utilized in the process of education with an emphasis on the preservation of tradition, heritage and clean environment. Information and communication technology is used to facilitate and stimulate the acquisition of various competences and to inspire holistic development among our pupils.

Our staff's continual professional development is encouraged through participation in numerous national and international trainings.

Parental cooperation, working with the local community and readiness to engage in open dialogue are fostered and highly valued.
